L. A. BILL No. 26 OF 1940.

A Bill to amend the Defence of India Act, 1939.

WHEREAS it is expedient to amend the Defence of India Act, 1939, for the purposes hereinafter appearing ;

XXXV of
1939.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Defence of India (Amendment) Act, 1940.

Amendment of
section 2, Act
XXXV of 1939.

2. In section 2 of the Defence of India Act, 1939 (hereinafter referred to as the said Act),—

(a) in clause (v) of sub-section (2), after the words "with foreign powers," the words "or with States in India, or to prejudice the maintenance of peaceful conditions in the tribal areas," shall be inserted ;

(b) in sub-section (5), after the words "not being" the brackets and words "(except in the case of a Chief Commissioner's Province)" shall be inserted.

*The Governor General has been pleased to give the previous sanction required by section 108(1)(c), read with section 313(4) (a) of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

STATEMENT OF OBJECTS AND REASONS.

This Bill seeks to make three minor amendments in the Defence of India Act, 1939. Notes on clauses are appended.

ZAFRULLA KHAN.

NEW DELHI ;

The 26th March 1940.

NOTES ON CLAUSES.

Clause 2(a)—The clause amended hereby enables rules to be made for the prevention of *inter alia* the spreading of reports or the prosecution of purposes likely to prejudice His Majesty's relations with foreign powers. The case for extending the scope of the rule-making power in the manner proposed is clear.

Clause 2(b).—As all officers serving in a Chief Commissioner's Province are subordinate to the Central Government, sub-section (5) of section 2, as it now stands, has the anomalous and unintended effect of precluding a delegation by the Chief Commissioner to any officer serving in his Province.

Clause 3.—The object of this amendment is to render the benefits of the Indian Soldiers (Litigation) Act, 1925, admissible to members of Indian States Forces while serving in the conditions specified in the section under amendment.

Secy. to the Govt. of India.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 2nd April 1940 :—

L. A. BILL No. 27 of 1940.

A Bill to amend the Indian Tea Control Act, 1938.

WHEREAS it is expedient to amend the Indian Tea Control Act, 1938, in the manner hereinafter appearing; it is hereby enacted as follows :—

VIII of 1938.

Short title and commencement.

1. (1) This Act may be called the Indian Tea Control (Amendment) Act, 19 .

(2) It shall come into force on such date as the Governor-General gives his assent to it.

Amendment of section 14, Act VIII of 1938.

2. For sub-section (1) of section 14 of the Indian Tea Control Act, 1938, the following shall be substituted, namely :—

VIII of 1938.

“14(1). Any tea estate or any subdivision of a tea estate to which an export quota was allotted under the Indian Tea Control Act, 1933, and any tea estate which the Central Government may within one year from the commencement of this Amendment Act authorise to apply for the allotment of an export quota under this Act, shall on application made to the Committee for the allotment of an export quota have the right, subject to the provisions of this Act, to receive an export quota.

XXIV of 1933.

(2) All applications for authorisation under this section shall reach the Central Government within six months of the commencement of this Amendment Act.

(3) The owner of a tea estate praying for authorisation within the prescribed time limit, in whose case an export quota has been rejected on technical or other grounds shall have a right to appeal to the Central Government who shall have the power to reconsider the matter.”

STATEMENT OF OBJECTS AND REASONS.

Second part of the section 14(1) of the Indian Tea Control Act, 1938, runs thus—‘any Tea Estate which the Central Government may within one year from the commencement of this Act authorise to apply for the allotment of export quota under this Act.....’ etc.

This Tea Control Act came into force on 31st March, 1938 and the prescribed time limit of one year as provided for in section 14(1) of the Act was over on the 31st March, 1939. Many tea estates in India have been allotted the export right under section 14(1), after the Act came into force, and they have all been producing tea by now. Many estates in Madras, Hill Tipperah, Surma Valley and in Chittagong division on the other hand are not being able to produce any tea as the Central Government refused permission in some cases and as the prescribed time limit was over before the Central Government could authorise in many other cases. Many of these tea estates could have produced tea for the export market if their claims were favourably considered by the Government.

The language of section 14(1) of the Tea Control Act is rather vague. There is no specific direction as to the time limit within which the Central Government was to be moved for the necessary authorisation, as a result of which, many tea estates made their applications for authorisation only a month or two before 31st March, 1939, and the time limit was over before the permission could be granted to these tea estates. We maintain, therefore, that the vagueness of the language of section 14(1) is responsible for depriving these tea estates from their due share of the export quota.

The section has not provided for any reconsideration by the Central Government in cases of estates not getting the necessary authorisation. Wrong reports from Inspectors or other technical grounds have deprived many estates from getting the necessary permission. Provisions ought to have been made in the Act for reconsideration by the Government in such cases. So there is necessity for this Amendment Bill.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 5th April 1940.

Third Forecast of the Wheat Crop of Bengal, 1939-40.

(Note.—On an average of the five years ending 1937-38, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (a) British India and (b) in the territory now reported on, has, in the five years ending 1937-38, averaged (a) 42·7 and (b) 8·8 per cent. respectively.)

Character of the season.—As reported in the second forecast the effects of weather on the crop continued to be unfavourable particularly in the main wheat growing districts of

Nadia, Murshidabad and Malda. Some damage was also caused by hailstorm and heavy showers in Malda.

Acreage.—According to the estimates of the District Officers, the total area sown comes to 177,000 acres this year as against 174,000 acres both in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn as worked out from the district estimates is 74 per cent. as against 73 and 72 per cents., respectively, in the corresponding and final forecasts of last year.

Taking the normal yield to be 9 3/5 maunds per acre, the gross yield of the crop for the province is estimated at 46,200 tons as against 44,800 tons and 43,800 tons, respectively, in the corresponding and final forecasts of last year.
